DEPARTMENT OF STANDARDS MALAYSIA

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

For the purposes of Malaysian Standards, the following definitions apply:

**Revision:** A process where existing Malaysian Standard is reviewed and updated which resulted in the publication of a new edition of the Malaysian Standard.

**Confirmed MS:** A Malaysian Standard that has been reviewed by the responsible committee and confirmed that its contents are current.

**Amendment:** A process where a provision(s) of existing Malaysian Standard is altered. The changes are indicated in an amendment page which is incorporated into the existing Malaysian Standard. Amendments can be of technical and/or editorial nature.

**Technical corrigendum:** A corrected reprint of the current edition which is issued to correct either a technical error or ambiguity in a Malaysian Standard inadvertently introduced either in drafting or in printing and which could lead to incorrect or unsafe application of the publication.

NOTE: Technical corrigenda are not to correct errors which can be assumed to have no consequences in the application of the MS, for example minor printing errors.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell Malaysian Standards.

## **Committee representation**

The Industry Standards Committee on Agriculture (ISC A) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Department of Agriculture Malaysia  
Department of Agriculture Sabah  
Department of Agriculture Sarawak  
Department of Fisheries Malaysia  
Department of Standards Malaysia  
Department of Veterinary Services  
Farmers' Organisation Authority  
Federal Agricultural Marketing Authority  
Federation of Livestock Farmers' Associations of Malaysia  
Forest Research Institute Malaysia  
Malaysia Fruit Exporters Association  
Malaysian Agricultural Research and Development Institute  
Malaysian Association of Standards Users  
Ministry of Agriculture and Agro-Based Industry Malaysia  
Ministry of Domestic Trade, Co-operatives and Consumerism  
Ministry of Health Malaysia  
Ministry of Plantation Industries and Commodities  
National Farmers Organization  
National Seed Association Malaysia  
SIRIM Berhad (Secretariat)  
The Federation of Vegetables Growers' Associations Malaysia  
Universiti Putra Malaysia

The Technical Committee on Planting Materials which supervised the development of this Malaysian Standard consists of representatives from the following organisations:

Crops for the Future Research Center  
Department of Agriculture Malaysia  
Department of Agriculture Sabah  
Department of Agriculture Sarawak  
Forest Research Institute Malaysia  
Malaysian Agricultural Research and Development Institute  
Malaysian Association of Standards Users  
Malaysian Society of Plant Physiology  
National Landscape Department  
National Seed Association Malaysia  
SIRIM Berhad (Secretariat)  
Universiti Kebangsaan Malaysia  
Universiti Putra Malaysia

The Working Group on Landscape Planting Materials which developed this Malaysian Standard consists of representatives from the following organisations:

Bu Seng Chong Nursery Sdn Bhd  
Department of Agriculture Malaysia  
Institute of Landscape Architects Malaysia  
Majlis Bandaraya Shah Alam  
Majlis Perbandaran Subang Jaya  
Malaysian Agricultural Research and Development Institute  
National Landscape Department  
SIRIM Berhad (Secretariat)  
Universiti Putra Malaysia  
Universiti Teknologi Malaysia  
Universiti Teknologi MARA

## **Foreword**

This Malaysian Standard was developed by the Working Group on Landscape Planting Materials under the authority of the Industry Standards Committee on Agriculture.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
