DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia** is the national standards and accreditation body of Malaysia.

The main function of the Department of Standards Malaysia is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefitting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

Malaysian Standards are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. The development of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Section 18A of the act stipulated that, all Malaysian Standards are owned by the Government of Malaysia and no part of a Malaysian Standard can be reproduced in any form without the written permission of the Director General.

Committee representation

The National Standards Committee on Mechanical Engineering (NSC 06) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Department of Occupational Safety and Health Malaysia
Department of Standards Malaysia (Secretariat)
Federation of Malaysian Manufacturers
Jabatan Kerja Raya Malaysia
Jabatan Pembangunan dan Kawal Selia Gas
Machinery and Equipment Manufacturers Association of Malaysia
Malaysian Investment Development Authority
Malaysian Iron and Steel Industry Federation
Ministry of Investment, Trade and Industry
National Institute of Occupational Safety and Health
PETRONAS Group Technical Solutions
Playground Safety Association of Malaysia
Science and Technology Research Institute for Defence
SIRIM QAS International Sdn Bhd
Suruhanjaya Perkhidmatan Air Negara
Suruhanjaya Tenaga
The Institution of Engineers, Malaysia
Universiti Kebangsaan Malaysia
Universiti Malaya
Universiti Sains Malaysia
Universiti Teknologi Malaysia

The Technical Committee on Non-Destructive Testing (NSC 06/TC 9) which supervised the development of this Malaysian Standard consists of representatives from the following organisations:

Advantech Alliances Sdn Bhd
Altec Industrial & Engineering Supply Sdn. Bhd.
Construction Industry Development Board
Department of Occupational Safety and Health Malaysia
Department of Skills Development
Department of Standards Malaysia (Secretariat)
Epic Aero Sdn Bhd
Industrial Testing and Engineering Inspections Sdn Bhd
Intestmal Holdings Sdn Bhd
LOTT Inspection Sdn Bhd
Malaysia Airlines System Berhad
Malaysian Nuclear Agency
Malaysian Society for Non-destructive Testing
MJ Inspection Consultancy Sdn Bhd
NDE Consultancy Services Sdn Bhd
Petroleum Nasional Berhad
Ruane-Tati Sdn Bhd
SIRIM Berhad
Tenaga Nasional Berhad
Tenaga Nasional Berhad Generation
TWI Technology (S.E Asia) Sdn. Bhd.
Universiti Kuala Lumpur

The Working Group on Ultrasonic Testing (NSC 06/TC 9/WG 2) which developed this Malaysian Standard consists of representatives from the following organisations:

Agensi Nuklear Malaysia
Altec Industrial & Engineering Supply Sdn. Bhd.
Department of Standards Malaysia (Secretariat)
Intestmal Holdings Sdn Bhd
Jabatan Pembangunan Kemahiran
Lott Inspection Sdn Bhd

Committee representation (*continued*)

MJ Inspection Consultancy Sdn Bhd
NDE Consultancy Services Sdn Bhd
Petroleum Nasional Berhad
PETRONAS Chemicals Ammonia Sdn. Bhd.
PETRONAS Group Technical Solutions
SIRIM Berhad
Tenaga Nasional Berhad
TWI Technology (S.E.Asia) Sdn. Bhd.
Universiti Teknikal Malaysia Melaka

MS 2774:2023

Foreword

This Malaysian Standard was developed by the Working Group on Ultrasonic Testing (NSC 06/TC 9/WG 2) under the authority of the National Standards Committee on Mechanical Engineering (NSC 06).

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
