DEPARTMENT OF STANDARDS MALAYSIA

## **DEVELOPMENT OF MALAYSIAN STANDARDS**

The **Department of Standards Malaysia (Standards Malaysia)** is the national standards and accreditation body of Malaysia.

The main function of Standards Malaysia is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

Northport (Malaysia) Bhd

POS Logistics Berhad

TASCO Berhad

Tesco Stores (Malaysia)

University Kuala Lumpur

Universiti Teknologi MARA (Malaysia Institute of Transport)

# MS 2400-1:2019

## Foreword

This Malaysian Standard was developed by the Working Group on Halal Logistics under the authority of the Industry Standards Committee on Halal Standards.

MS 2400 consists of the following parts, under the general title Halal supply chain management system:

Part 1: Transportation - General requirements

Part 2: Warehousing - General requirements

Part 3: Retailing - General requirements

Major modifications in this revision are as follows:

- a) the title of this Malaysian Standard has been changed from *Halalan-toyyiban assurance pipeline - Part 1: Management system requirements for transportation of goods and/ or cargo chain services*, to *Halal supply chain management system - Part 1: Transportation - General requirements*
- b) the term '*halalan toyyiban*' assurance pipeline has been replaced with 'halal supply chain';
- c) clause 2 on normative references has been added;
- d) the term '*halalan toyyiban*' has been replaced with '*halal*';
- e) the term '*toyyiban status*' has been replaced with 'halal status' and the term '*toyyiban*' has been deleted;
- f) the term '*shariah ritual cleansing*' has been replaced with '*sertu*';
- g) the terms and definitions of '*toyyib/ toyyiban*' and 'transportation unit' have been deleted,
- h) 3.2.1.2 (f) has been added under management responsibility;
- i) 3.2.2.1 has been replaced with 'responsibility and authority';
- j) clause on '*halalan toyyiban leader*' has been deleted;
- k) '*halalan toyyiban committee*' has been replaced with 'internal halal committee';
- l) clause on 'transport' has been replaced with 'preparation and dispatch';
- m) clauses on 'outsource, service providers/ subcontractors control' and 'transport location' has been added;
- n) table B2b. *Toyyiban Control Point severity/impact ranking* has been deleted; and
- o) Annex B has been changed from normative to informative.

This Malaysian Standard cancels and replaces MS 2400-1:2010, *Halalan-toyyiban assurance pipeline - Part 1: Management system requirements for transportation of goods and/ or cargo chain services*.

Compliance with this Malaysian Standard does not of itself confer immunity from legal obligation.
