DEPARTMENT OF STANDARDS MALAYSIA

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

## **MS 1550:2002**

### **Committee representation**

The Rubber and Rubber Products Industry Standards Committee (ISC N) under whose supervision this Malaysian Standard was developed, comprises representatives from the following organisations:

Association of Malaysian Medical Industries

Jabatan Standard Malaysia

Kementerian Kesihatan Malaysia

Malaysian Association of Tyre Retreaders and Dealers Society

Malaysian Automotive Tyre Manufacturers Industry Group

Malaysian Latex and Rubber Thread Manufacturers Association

Malaysian Rubber Board

Malaysian Rubber Glove Manufacturers Association

Malaysian Rubber Product Manufacturers Association

Plastic and Rubber Institute of Malaysia

Universiti Kebangsaan Malaysia

Universiti Sains Malaysia

The Technical Committee on Methods of Test for Rubber and Latex which developed this Malaysian Standard was managed by the Malaysian Rubber Board in its capacity as an authorised Standards-Writing Organisation and comprised of the following organisations:

Golden Hope Plantation Berhad

Kumpulan Guthrie Berhad

Malaysian Rubber Board

MARDEC Berhad

SIRIM Berhad

## **NATIONAL FOREWORD**

This Malaysian Standard was developed by the Technical Committee on Methods of Test for Rubber and Latex under the authority of the Rubber and Rubber Products Industry Standards Committee. Development of this standard was carried out by the Malaysian Rubber Board which is the Standards-Writing Organisation (SWO) appointed by SIRIM Berhad to develop standards for rubber and rubber products.

During the development of this Malaysian Standard, reference was made to ASTM D 6124:2000, Standard Test Method for Residual Powder on Medical Gloves.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
