DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (Standards Malaysia)** is the national standards and accreditation body of Malaysia.

The main function of Standards Malaysia is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

Foreword

This Malaysian Standard was developed by the Working Group on Halal Cosmetics under the authority of the Industry Standards Committee on Halal Standards.

Major modifications in this revision are as follows:

- a) the number and title of this Malaysian Standard have been changed to “MS 2634, *Halal cosmetics - General requirements*”;
- b) definition of “personal care” is merged as “cosmetics”;
- c) incorporation of definition on “halal competent authority”, “manufacturing and handling”, “non-halal”, “*fatwa*” and “*sertu*”;
- d) introduction of requirements on Halal integrity, record management, religious practise and staff participation in “Management responsibility”;
- e) amendment and improvement on various clauses for clarity.

This Malaysian Standard cancels and replaces MS 2200-1:2008, *Islamic Consumer Goods - Part 1: Cosmetic and Personal Care - General Guidelines*.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
