DEPARTMENT OF STANDARDS MALAYSIA

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell the Malaysian Standards.

SIRIM QAS International Sdn Bhd  
Social Security Organisation  
The Institution of Engineers, Malaysia  
The Malayan Agricultural Producers Association  
Universiti Kebangsaan Malaysia  
Universiti Putra Malaysia

## FOREWORD

This Malaysian Standard was developed by the Technical Committee on Safe System of Work and Practices in Occupational Setting under the authority of the Industry Standards Committee on Occupational Safety and Health. Development of this standard was carried out by Department of Occupational Safety and Health Malaysia which is the Standards-Writing Organisation (SWO) appointed by SIRIM Berhad to develop standards related to safe systems of work and practices in occupational setting.

This Malaysian Standard is the first revision of MS 1722: PART 1, *Occupational safety and health management systems - Part 1: Requirements*.

This Malaysian Standard cancels and replaces MS 1722: PART 1:2005.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
