**DEPARTMENT OF STANDARDS MALAYSIA**

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

## **MS 471: PART 3:2003**

### **Committee representation**

The Building and Civil Engineering Industry Standards Committee (ISC D) under whose supervision this Malaysian Standard was developed, comprises representatives from the following organisations:

Association of Consulting Engineers, Malaysia  
Chartered Institute of Building Malaysia  
Construction Industry Development Board, Malaysia  
Department of Standards Malaysia  
Jabatan Bomba dan Penyelamat Malaysia  
Jabatan Kerja Raya Malaysia  
Jabatan Perumahan Negara  
Malaysian Timber Industry Board  
Master Builder's Association Malaysia  
Pertubuhan Akitek Malaysia  
Suruhanjaya Tenaga  
The Institution of Engineers, Malaysia  
Universiti Teknologi Malaysia

The Technical Committee on Timber and Timber Products which supervised the development of this Malaysian Standard was managed by the Malaysian Timber Industry Board in its capacity as an authorised Standards-Writing Organisation and consists of representatives from the following organisations:

Construction Industry Development Board Malaysia  
Forestry Department of Peninsular Malaysia  
Forestry Department of Sabah  
Forest Research Institute Malaysia  
Malaysian Furniture Industry Council  
Malaysian Panel-Products Manufacturers' Association  
Malaysian Timber Industry Board (Secretariat)  
Malaysian Wood Industries Association  
Malaysian Wood Moulding and Joinery Council  
Malaysian Wood Preserving Association  
Persatuan Pengusaha Kayu dan Perabot Bumiputera Malaysia  
Pertubuhan Akitek Malaysia  
Public Works Department  
Sarawak Timber Industry Development Corporation  
SIRIM Berhad  
Timber Exporters Association of Malaysia  
Universiti Putra Malaysia

**Committee representation** *(continued)*

The Working Group on Glossary of Terms Relating to Timber and Wood-based Panel Products which developed this Malaysian Standard consists of the following organisations:

Forest Research Institute Malaysia

Furniture Industry Technology Centre

Malaysian Panel-Products Manufacturers' Association

Malaysian Timber Industry Board (Secretariat)

Malaysian Wood Industries Association

Malaysian Wood Moulding and Joinery Council

Persatuan Pengusaha Kayu dan Perabot Bumiputera Malaysia

Universiti Putra Malaysia

Universiti Teknologi MARA

## **FOREWORD**

This Malaysian Standard was developed by the Working Group on Glossary of Terms Relating to Timber and Wood-based Panel Products, supervised by the Technical Committee on Timber and Timber Products under the authority of the Building and Civil Engineering Industry Standards Committee. Development of this standard was carried out by the Malaysian Timber Industry Board (MTIB) which is the Standards-Writing Organisation (SWO) appointed by SIRIM Berhad to develop standards for the timber industry.

This Malaysian Standard is the new additional part of MS 471, 'Glossary of terms relating to timber and woodwork', which was published in 1976. This standard consists of several terms on carpentry, joinery and furniture.

In this new additional part, major modifications are as follows:

- a) Overall structure of the text has been changed, whereby terms are listed alphabetically.
- b) Terms included in this part refer primarily to carpentry, joinery and furniture.

MS 471 consists of the following parts, under the general title 'Glossary of terms relating to timber and wood-based panel products':

Part 1 Characteristics and properties of timber

Part 2 Wood-based panel products

Part 3 Carpentry, joinery and furniture.

In the development of this Malaysian Standard, reference was made to the following document:

- a) BS 6100: 1992, 'Glossary of building and civil engineering terms: Part 4: Forest products.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
