DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

For the purposes of Malaysian Standards, the following definitions apply:

Revision: A process where existing Malaysian Standard is reviewed and updated which resulted in the publication of a new edition of the Malaysian Standard.

Confirmed MS: A Malaysian Standard that has been reviewed by the responsible committee and confirmed that its contents are current.

Amendment: A process where a provision(s) of existing Malaysian Standard is altered. The changes are indicated in an amendment page which is incorporated into the existing Malaysian Standard. Amendments can be of technical and/or editorial nature.

Technical corrigendum: A corrected reprint of the current edition which is issued to correct either a technical error or ambiguity in a Malaysian Standard inadvertently introduced either in drafting or in printing and which could lead to incorrect or unsafe application of the publication.

NOTE: Technical corrigenda are not to correct errors which can be assumed to have no consequences in the application of the MS, for example minor printing errors.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell Malaysian Standards.

NAUI Pacific RIM Services Sdn Bhd
PADI Asia Pacific
Scuba Schools International
SIRIM Berhad (Secretariat)
Universiti Malaya

MS ISO 24801-1:2008

NATIONAL FOREWORD

The adoption of the ISO Standard as a Malaysian Standard was recommended by the Working Group on Recreational Scuba Diving under the authority of the Tourism, Exhibition and Hospitality Services Industry Standards Committee.

This Malaysian Standard is identical with ISO 24801-1:2007, *Recreational diving services - Safety related minimum requirements for the training of recreational scuba divers - Part 1: Level 1 - Supervised diver* published by the International Organization for Standardization (ISO). However, for the purposes of this Malaysian Standard, the following apply:

- a) in the source text, "this international standard" should read "this Malaysian Standard";
- b) the comma which is used as a decimal sign (if any), to read as a point; and
- c) references to International Standards should be replaced by equivalent Malaysian Standards as follows:

Referenced International Standards

Corresponding Malaysian Standards

ISO 24801-3, *Recreational diving services - Safety related minimum requirements for the training of recreational scuba divers - Part 3: Level 3 - Dive leader*

MS ISO 24801-3, *Recreational diving services - Safety related minimum requirements for the training of recreational scuba divers - Part 3: Level 3 - Dive leader*

ISO 24802-1, *Recreational diving services - Safety related minimum requirements for the training of scuba instructors - Part 1: Level 1*

MS ISO 24802-1, *Recreational diving services - Safety related minimum requirements for the training of scuba instructors - Part 1: Level 1*

ISO 24802-2, *Recreational diving services - Safety related minimum requirements for the training of scuba instructors - Part 2: Level 2*

MS ISO 24802-2, *Recreational diving services - Safety related minimum requirements for the training of scuba instructors - Part 2: Level 2*

ISO 24803, *Recreational diving services - Requirements for recreational scuba diving service providers*

MS ISO 24803, *Recreational diving services - Requirements for recreational scuba diving service providers*

NATIONAL FOREWORD *(continued)*

MS ISO 24801 consists of the following parts, under the general title, *Recreational diving services - Safety related minimum requirements for the training of recreational scuba divers*:

Part 1: Level 1 - Supervised diver

Part 2: Level 2 - Autonomous diver

Part 3: Level 3 - Dive leader

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.

NOTE. IDT on the front cover indicates an identical standard i.e. a standard where the technical content, structure, and wording (or is an identical translation) of a Malaysian Standard is exactly the same as in an International Standard or is identical in technical content and structure although it may contain the minimal editorial changes specified in clause 4.2 of ISO/IEC Guide 21-1.
