**DEPARTMENT OF STANDARDS MALAYSIA**

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

For the purposes of Malaysian Standards, the following definitions apply:

**Revision:** A process where existing Malaysian Standard is reviewed and updated which resulted in the publication of a new edition of the Malaysian Standard.

**Confirmed MS:** A Malaysian Standard that has been reviewed by the responsible committee and confirmed that its contents are current.

**Amendment:** A process where a provision(s) of existing Malaysian Standard is altered. The changes are indicated in an amendment page which is incorporated into the existing Malaysian Standard. Amendments can be of technical and/or editorial nature.

**Technical corrigendum:** A corrected reprint of the current edition which is issued to correct either a technical error or ambiguity in a Malaysian Standard inadvertently introduced either in drafting or in printing and which could lead to incorrect or unsafe application of the publication.

NOTE: Technical corrigenda are not to correct errors which can be assumed to have no consequences in the application of the MS, for example minor printing errors.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell Malaysian Standards.

## **Committee representation**

The Industry Standards Committee on Medical Devices and Facilities for Healthcare (ISC R) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Association of Malaysia Medical Industries  
Atomic Energy Licensing Board  
Biomedical Engineering Association Malaysia  
Department of Standards Malaysia  
Federation of Malaysian Manufacturers  
Institute for Medical Research  
Malaysia Medical Device Association  
Malaysian Investment Development Authority  
Malaysian Medical Association  
Malaysian Nuclear Agency  
Malaysian Organisation of Pharmaceutical Industries  
Malaysian Rubber Board  
Malaysian Rubber Export Promotion Council  
Medical Device Authority, Ministry of Health Malaysia  
Ministry of International Trade and Industry  
Radiation Physics, Biophysics and Medical Physics Sub-Group of Institute of Physics Malaysia  
SIRIM Berhad (Secretariat)  
SIRIM QAS International Sdn Bhd  
Universiti Kebangsaan Malaysia  
Universiti Teknologi Malaysia

The Technical Committee on Diagnostic and Therapeutic Non-Ionising Radiation which developed this Malaysian Standard consists of representatives from the following organisations:

Abex Medical System Sdn Bhd  
Federation of Malaysian Manufacturers  
Hospital Universiti Sains Malaysia  
Malaysian Nuclear Agency  
Medical Device Authority, Ministry of Health Malaysia  
Ministry of Health Malaysia  
Ministry of Health Malaysia (Engineering Services Division)  
Persatuan Kejuruteraan Elektronik Perubatan Malaysia  
Pusat Perubatan Universiti Kebangsaan Malaysia  
Pusat Perubatan Universiti Malaya  
SIRIM Berhad (Secretariat)  
Suruhanjaya Komunikasi dan Multimedia Malaysia  
Universiti Kebangsaan Malaysia  
Universiti Malaya (Biomedical Engineering Department)  
Universiti Sains Malaysia (School of Medical Sciences)  
Universiti Teknologi Malaysia  
Universiti Teknologi MARA

### **Co-opted members:**

Carl Zeiss Sdn Bhd  
Innomed Sdn Bhd

## Foreword

This Malaysian Standard was developed by the Technical Committee on Diagnostic and Therapeutic Non-Ionising Radiation under the authority of the Industry Standards Committee on Medical Devices and Facilities for Healthcare.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
