DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

SIRIM Berhad (Former secretariat)
SIRIM QAS International Sdn Bhd
The Chartered Institute of Building Malaysia
Universiti Teknologi Malaysia

Co-opted members:

Kibing Group (M) Sdn Bhd
Malaysian Sheet Glass Bhd
Safety Glass Processors Association of Malaysia

Foreword

This Malaysian Standard was developed by the Technical Committee on Household Fittings and Building Accessories under the authority of the Industry Standards Committee on Building, Construction and Civil Engineering.

Major modifications in this revision are as follows:

- a) the title has been changed to Float glass - Specification;
- b) revision of Table 1, Table 2, Table 4 and Table 5; and
- c) incorporation of new terms in Terms and definitions clause.

This Malaysian Standard cancels and replaces MS 1135:2009, *Float and polished plate glasses - Specification (First revision)*.

Compliance with a Malaysian Standard does not itself confer immunity from legal obligations.
