SPECIFICATION FOR SAFETY FOOTWEAR

STANDARDS & INDUSTRIAL RESEARCH INSTITUTE OF MALAYSIA

© Copyright

This Malaysian Standard, which had been approved by the Consumer Products Industry Standards Committee and endorsed by the Council of the Standards and Industrial Research Institute of Malaysia (SIRIM) was published under the authority of the SIRIM Council in August, 1985.

SIRIM wishes to draw attention to the fact that this Malaysian Standard does not purport to include all the necessary provisions of a contract.

The Malaysian Standards are subject to periodical review to keep abreast of progress in the industries concerned. Suggestions for improvements will be recorded and in due course brought to the notice of the Committees charged with the revision of the standards to which they refer.

The following references relate to the work on this standard:

Committee representation

The Consumer Products Industry Standards Committee under whose supervision this Malaysian Standard was prepared, comprises representatives from the following Government Ministries, trade, commerce and manufacturer associations and the scientific and professional bodies.

Federation of Malaysian Consumer Associations

Garment Manufacturers Association

Malaysian Plastic Manufacturers Association

Malaysian Rubber Product Manufacturers Association

Malaysian Rubber Research and Development Board

Malaysian Textile Manufacturers Association

Ministry of Finance

Ministry of Trade and Industry

National Chambers of Commerce and Industry of Malaysia

Plastics and Rubber Institute

The Technical Committee on Footwear which prepared this Malaysian Standard consists of the following representatives:

Encik Idris Ali/Encik Lim Fui Kok (up to 23 February 1984) (Chairman)	Majlis Amanah Rakyat
Encik Maarof Jamaluddin (from 23 February 1984) (Chairman)	Majlis Amanah Rakyat
Dr. Chua Chien Hiong	Rubber Research Institute of Malaysia
Encik Syed Mohd. Muntazar b. S.A. Rahim Alattas	Malaysian Rubber Products Manufacturers Association
Encik M. Krishnan	Plastics and Rubber Institute (Malaysian Section)
Encik Siow Kwen Sia	Chemistry Department
Encik Abu Bakar Che Man	Factories and Machinery Department
Encik Foo Swee Ngan/ Encik Poon Fook Kee	Golden Anchor Shoes (M) Sdn. Bhd.
Encik Wong Chal Khoon (Secretary)	Standards and Industrial Research Institute of Malaysia

FOREWORD

This Malaysian Standard was prepared by the Technical Committee on Footwear under the authority of the Consumer Products Industry Standards Committee.

The purpose of this standard is to specify the minimum standards of make and construction for safety boots and shoes intended to provide both safety against impact and satisfactory wear in use. Optional requirements for characteristics such as oil degradation and the build up of static electricity in working environment are also included.

In the preparation of this standard, extensive reference has been made to BS 1870:1979, 'Safety footwear, Part 1. Specification for safety footwear other than all-rubber and all-plastics moulded types.'
